

To the Honorable the General Assembly of Virginia,  
 Your Petitioners Respectfully represent to your Honorable  
 body that they are suffering great inconvenience in consequence  
 of the late discontinuance and removal by the Court of the  
 County of Prince George a bridge across the North River  
 in said County, which was necessary in consequence of the  
 said bridge being an obstruction of Steamers &c down the said  
 river through the new Canal. Your Petitioners respectfully  
 ask your Honorable body to pass a law authorizing the establi-  
 -ment of a Ferry across the said river at the same place, under  
 such conditions and regulations as may seem best in your  
 wisdom, for the removal of the said inconvenience. And your  
 Petitioners as in duty bound will ever pray &c.
