

To the Honorable The General Assembly of Virginia, your indorsed Memorialists having obtained a charter at the last session of the Legislature for the erection of an Academy in Putnam County known as Buffalo Academy, would very much desire to Represent that they have organized, and taken the stock required by the charter. And have expended a portion of it in laying the foundation and obtaining all the materials for putting up a large and well constructed Brick Academy. And your Memorialists ask that you aid them with an appropriation of 1500 or 2000 Dollars which will enable them to put the Institution in operation in the course of next year. your Memorialists ask the above appropriation with some confidence as they believe a lasting good would be conferred on Western Virginia by establishing a Seminary near the center of the Kanawha valley. And they hope it will meet with your favourable consideration
 All for which they Humbly Pray &c.
